

The Crypto Craze Could Murder Financial Advisors' Careers

First Week of November 2021, *Wealth Solutions Report*

Efforts to Wrap Professional Asset Management Structures Around Crypto Currencies Disguise Enormous Risks to Financial Advisors.

If a client told you to put all of his or her long-term retirement assets into magic beans, at a moment when everybody has a “look what I grabbed from the giant’s castle” story – Would you? Crypto assets are the financial advisor profession’s equivalent of magic beans.
